Discontinuation of a course

The course Script Programming G1F, 7,5 credits (IT384G) is being phased out and will no longer be offered at the University of Skövde. The course was given for the last time in the spring of 2025.

The course consists of 3 examination parts: Supervised written examination 2,5 credits, Assignment 1, 2,5 credits and Assignment 2, 2,5 credits.

The following examinations are offered to students who have not completed the course:

Supervised written examination 2,5 credits

Week 45, 2025	Registration not later than 1 st of October 2025
Week 8, 2026	Registration not later than 15 th of January 2026
Week 17, 2026	Registration not later than 1 st of April 2026

Date and time when the supervised written examination takes place will be shown in the scheduling system TimeEdit approximately six weeks before the examination. TimeEdit is accessed at <https://student.his.se/en/service-and-support/about-examination/registration-examination-rooms/> and [Search examination](#). Please use the course code IT384G.

Registration for the examination should be made to Student Affairs Office, +46 500-44 81 00, studentservice@his.se, at least two weeks before the examination date.

Assignment 1 & 2, 2,5 credits & 2,5 credits

Since the assignments are completed in a computer lab and are considered laboratory assignments, and two opportunities have already been offered, the University is not obligated to offer any more. However, an extra examination opportunity, where both assignments are included, will be given on week 44, 2025.

Assignment 1 (Python) is requested from thomas.fischer@his.se not later than 14th of September 2025 and is submitted and reported for examination according to instructions.

Assignment 2 (PowerShell) is requested from jonas.ingemarsson@his.se not later than 14th of September 2025 and is submitted and reported for examination according to instructions.

No further opportunities will be offered to complete the course, in addition to the above occasions.

The examiner is Thomas Fischer.
